

Dream Trains

Private Collection 2019 - **List of Freight wagons (01 August 2019)**

(The original list was compiled on 01 August 2019 and will be updated monthly until 01 December 2019)

Dream Trains reserve the right to change prices on this list without any notice.

We also reserve the right to withdraw a freight wagon from the list for whatever reason.

We took great care to sort out each and every freight wagon, but:

- As these are pre-owned items, no guarantee exists on the products.
- As these are pre-owned items, and most not in their original boxes, some of the finer details ARE missing.
- As these are pre-owned items, they may have smaller blemishes like scratches and small glue marks.

All the "broken" freight wagons were removed from the list and stripped for spare parts, so all freight wagons on the list are operational.

Most freight wagons on the list are boxed but NOT in their original packaging, except where indicated.

All freight wagons are equipped with Roco's Standard D-link couplers. Roco's universal and / or close couplers may also be included.

All freight wagons are in HO scale.

If interested in one (or more) of the freight wagons, please contact Dream Trains at the detail below to **check availability**.

Wynand Vermeulen - 083 409 73194-6

JD Cloete - 072 080 3590

Email: wynand@dreamtrains.co.za

Sales will be based on first come, first served basis.

Errors may occur on this list.

Use catalogue numbers **ONLY** to place an order.

The box number and manufacturer name can be used to search for pictures on the web.
